

UW-Oshkosh Interns will be available for work Saturday May 26th through Friday August 24th, 2018. Shifts will be scheduled Thursday-Sunday and will be 4.5 hours long with each student generally working 2 shifts per day. Weeks with especially high boat traffic (July 4th/Landing Blitz) students will be scheduled to work throughout the entire week. If there is an important event happening on your lake outside of the regular days students work, please include the date and coverage you would like in the additional comments section below. The last week of work (Aug 20-24) will be scheduled for less hours so students can have the flexibility to make up hours if necessary. UW-Oshkosh will accommodate your requests to the best of their ability. Please write in the shift you would like Intern coverage.
